Teaching the Fundamentals

Franklin Pierce field hockey camps are designed for elementary and secondary school-aged girls. We welcome campers from grades 5-12 and are able to diversify the camp by grouping by age and instruction.

The aim of the camp is to develop both the skilled and non-skilled players by increasing overall skill and knowledge of the game. Emphasis is placed on fundamentals and team play.

The camp provides both campers and parents the knowledge of how to properly perform a skill, and our information packets will provide a reminder at all times on different drills and techniques that can be employed by campers and parents alike. Players receive quality instruction on all aspects of the game with concentration on the particular position they play.

Most of all, we want our campers to have fun.

The Campus and Facilities

The Franklin Pierce field hockey camps are held at beautiful Franklin Pierce College in Rindge, N.H., giving each camper the opportunity to experience the atmosphere of a college campus.

Camp instruction and games will take place in the multi-million dollar, state-of-the art Grimshaw-Gudewicz Activity Center, the Franklin Pierce Fieldhouse and Sodexo Field.
