

## Spring 2008 Final Examination Schedule Rindge Campus

The meeting times of your sections during the regular semester are converted below to exam blocks designated by letters. All sections are required to meet at the designated times. Examinations will be administered in the same rooms in which the course met during the semester unless a different room is announced by the instructor.

All sections of BI102 (lecture and labs) take the Biology final exam at the same time in exam block R (see below).
